NOTES:

1. Before accepting a student, an assessment and/or trial day are requested for which an assessment fee applies.
2. Upon registration, the registration fee is payable in full. Once paid, the registration fee is non-refundable under any circumstances. A re-registration fee applies each year thereafter and is payable in January. Re-registration for the subsequent academic year will be accepted only once all due fees and other financial obligations have been settled. On re-registration, the deposit is rolled forward to the new academic year.
3. Upon registration, the deposit is payable in full.

DEPOSIT REFUND POLICY as follows:

For New Students:

- (a) Cancellation 12 months or more before start date: 2/3 refund
- (b) 6-11 months before start date: 1/3 refund
- (c) Less than 6 months before start: No refund

For Existing Students:

On confirming re-registration in January, the deposit is rolled forward to the following Academic Year. If no deposit was paid in the current Academic Year (under an annual fee payment) the deposit will be required to re-register and can be deducted from the annual fees of the following Academic Year.

For all Students:

A full refund may be requested at the end of the current academic year, provided that all balances/fees are settled in full and the student has not re-registered for the following academic year.

4. The resources fee is charged on the first invoice of each academic year. It includes, but is not limited to: student insurance, books and notebooks, licence registrations for educational programmes used, and the consumables and supplies students will need during the academic year.
5. Tuition fees can be paid monthly, termly or annually. See the 'Payment of fees' section below for discounts applied to termly and annual payments.
6. Tuition and other fees are reviewed annually. Any increase is capped at 5% year-on-year and up to 10% in exceptional circumstances.
7. Sibling Discount: 5% - applies from the 2nd sibling onwards. See **payment of fees** below for discount combinations.
8. Bus-trip charges specifically cover transportation expenses. Any additional costs associated with the trip, such as entrance fees and meals, must be paid separately.
9. By joining Lighthouse School, parents/guardians accept the obligation to pay full school fees for the entire academic year, regardless of whether, for any reason, a student discontinues attendance.

Any outstanding fees upon a student's departure, regardless of departure date, must be settled in full. If a student has paid their fees in advance and subsequently leaves the school, no refunds will be provided. Please note that a student's departure does not reduce the school's ongoing operational expenses.

10. A late payment penalty fee of €50 for every period of 15 days applies if payment is not made by the applicable instalment deadline.

PAYMENT OF FEES

- **Monthly** - No discount
- **Termly** – 2% discount (€130 off the annual total) for 4-month prepaid periods. Term and sibling discounts can be combined for an effective discount rate of 3.5% per child if term fees are paid for all siblings.
- **Annually** - 5% Discount off annual total if the whole year is prepaid but absolutely no refunds permissible regardless of circumstances. Annual and sibling discounts can be combined for an effective discount rate of 6% per child if annual fees are paid for all siblings.
